had in mind is Otto Knoll, 732 Lexington
Avenue.

Your letter at hand, and many thanks
for the information about Prince Kazimir
Poniatowski's medal.

Trusting to see you again shortly,

Very truly yours,

As you see there is an eagle
much like the polish one
on both sides. The writing

looks like greek (modern)
only they have leptas. and
not cents. _____

for the (No 1589 Philadelphia

penny of 1792-5.

Dear Mr. Orlowski:

I noticed that copper piece in Proskey's the other day, and although I could not make out the inscription, nor did it seem to me wholly Greek, nevertheless the little eagles were so distinctively Polish that I thought Poland had something to do with it. I am sorry I cannot help you out on this.

The Hackney penny ought to bring from One to Two Dollars seeing that it is a proof. I should say anywhere from \$1.25 to \$1.50 is its proper price.

Dear Sir:

I have just located the following three
Pulaski medals. They are cheap affairs, in brass,
gilded. The smaller one has a blank reverse. The
person wants \$2.00 for the three and will hold them
until I hear from you.
